MyMembers.ai

THE BUSINESS MODEL

Digital products, sold member to member.

A marketplace for makers of digital goods, and a community of people excited to share them. Join free, share any product, and get paid the moment someone buys. Every amount up there is money paid to you, never a cost to join. Joining is free.

EVERY WAY YOU GET PAID

Join free. Share. Get paid instantly.

Every member gets their own link on every product. When someone buys through it, the buyer pays you directly, the moment they pay.

FREE TO EARN · NOT PAY TO PLAY · NOTHING TO BUY FIRST

$50

on every $100 sale

Someone buys a product through your link. They pay you $50 directly.

$500

on every $1,000 offer

Someone buys a product's $1,000 offer through your link. They pay you $500 directly. No license needed.

$1,000

on every Golden Ticket

Someone you invited buys a Golden Ticket. They pay you $1,000 directly, no matter what.

These three never cost you a dollar. You do not have to spend money to make this money.

PAY TO PLAY · THE MAKER CLUB

$10

a month, down 6 levels

The Orbit pays Maker Club members **$10 a month for every Club member in their 6 rings**, a 5 by 6 forced matrix, plus a **$50 Fast Start** when someone you brought into the Club makes their first payment.

The Maker Club is $100 a month. It is the only part of MyMembers.ai you pay for to earn, and you must be an active member to be paid from the Orbit. There is no guarantee of income.

WHEN SOMEONE BUYS A PRODUCT

Where the money goes.

Every product in the Marketplace sells for $100, and each one has a $1,000 offer behind it. When someone you shared it with buys, the buyer pays your part straight to you, the moment they buy.

MADE BY THE MYMEMBERS.AI TEAM · $100

$50 to you
Paid to you directly by the buyer.

$50 to MyMembers.ai

ITS $1,000 OFFER

$500 to MyMembers.ai

MADE BY AN OUTSIDE MAKER · $100

$10 to MyMembers.ai

ITS $1,000 OFFER

$500 to you
Paid to you directly by the buyer.

$400 to the maker

$100 to MyMembers.ai

Either way, you get the same $50 and the same $500. You never have to buy anything to earn them.

Maker Club members pay $50 instead of $100 for MyMembers.ai team products, and that whole $50 goes to the member who shared it. Some makers set their own price and commission; the Marketplace marks those "Set by the maker".

THE GOLDEN TICKET · $5,000 ONCE · FOR MAKER CLUB MEMBERS

Sell our software as your own.

You put your name on every product the MyMembers.ai team makes, sell it to your own customers at your own price, and keep every dollar. We run the software and support your customers.

HOW IT WORKS

1

Your brand on it

Every MyMembers.ai team product, with your name and your own domain.

2

100 customers each

You can sell every product to 100 of your own customers. You set the price.

3

You keep 100%

Your customers pay you. We handle the hosting and their support.

ONE PRODUCT

100 customers × $20 a month

$2,000 a month

→

TEN PRODUCTS

1,000 customers × $20 a month

$20,000 a month

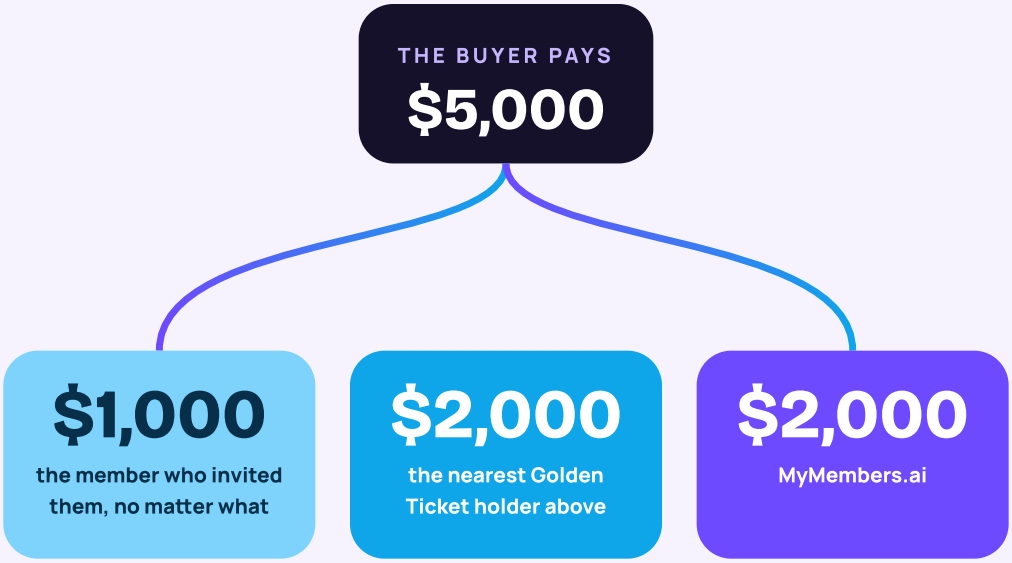
An example of what the licenses allow. Your price and how many you sell are up to you. There is no guarantee of income.

Plus every new team product (at least 20 a month), every product to use yourself, the whole platform and VIP support. For life.

EVERY GOLDEN TICKET SALE

Everybody wins when a Golden Ticket is bought.

No pay-to-play money game where only the people at the top get paid. If the member who invited the buyer does not hold a Golden Ticket, they still get $1,000, no matter what. Then $2,000 goes to the nearest Golden Ticket holder above and $2,000 to MyMembers.ai.



$3,000

When a Golden Ticket holder invites the buyer

$3,000 straight to them, $2,000 to MyMembers.ai.

Member parts are paid by the buyer, straight to each member. MyMembers.ai is always paid first, by card. Nothing switches on until every member payment has been confirmed.

THE MAKER CLUB · $100 A MONTH

Everything done for you.

For people who use the products every month and want the marketing handled. Every Club payment goes to MyMembers.ai, and cancelling takes one tap.

$50

every team product

A full year of any MyMembers.ai team product for $50 instead of $100, and the whole $50 still goes to whoever shared it.

∞

the whole platform

Your own communities, classroom, messenger, video feed, and your own products in the Marketplace.

AI

Maker tools and the Market check

Make courses, music or software with the AI you already use, check how many real people want it first, and sell it in the Marketplace.

25

discount tickets

Each takes $200 off a $1,000 offer for someone you bring in.

VIP

Support at the front of the line

Your questions are answered first, every time.

THE ORBIT · MAKER CLUB MEMBERS

$10 a month on every ring.

1

Your Orbit

Six rings around you, five wide: 5 people in ring 1, 25 in ring 2, and so on.

2

$10 for each person

From their second month on, you are paid $10 a month for every active Club member in your six rings.

3

$50 Fast Start

When someone you brought in joins the Club, you are paid $50 on their first month.

Plus a matching bonus on the Orbit pay of the people you bring in yourself: **25% as a Rising Star** (50 active in your rings), **40% as a Supernova** (200).

The table shows full rings. Most Orbits never come close to full. People can come from you or from above, and nobody can promise any will. You must be an active Maker Club member to be paid. There is no guarantee of income.

For makers

Software from recommended creators sells as Instant pay: $40 of every $100 sale and $400 of every $1,000 sale goes to the maker. Every other product is Set by the maker: their own price and commission, with 10% to MyMembers.ai.

Retail sites pay too

Share a product's own website with your link and MyMembers.ai pays you 50% of every retail payment in the Club, 30% if not, for as long as they pay.

Every commission is paid on a real purchase by a real customer. Nobody is paid for signing anybody up. There is no guarantee of income.

BUILT IN FOR EVERY MEMBER

Your link works while you live your life.

Everything below comes with the free account. The system does the follow-up, so sharing stays simple.

A first screen that sells

Your link opens an animated tour with your photo and name, a few quick questions, then a page made from the answers.

Your share kit

Pick the picture people see when your link is shared, add your photo, and record a short hello that greets them.

A daily email to your people

Their next step, a post idea of the day, their week, the leaderboard, today's Ad Lab posts and the presentation. The first one arrives the moment they confirm.

Replies come to you

When someone you invited replies, you see it, and if you connected your own AI, it answers them for you.

Trainings

Live sessions led by our AI, with people from the team joining when they can. Register with one tap for the link and a reminder.

The Ad Lab

New ready-to-post pictures every morning. Put yourself in any of them with your own AI.

The Drop and the Idea Board

See every new feature and fix as it ships, and vote and comment on what gets built next.

Nobody is left waiting

A buyer who sent a member payment is switched on automatically after 24 hours unless the person paid says it has not arrived.

New in the Marketplace: the Daily Lead System, at the same $100 for a full year and $50 to whoever shared it.
